**ACCLAIMED HOLLYWOOD ACTRESS BARBARA EDEN FEATURED IN
“CELEBRITY COLLECTION” FROM THE TRAIL OF PAINTED PONIES**

Proceeds to Support Breast Cancer Research, Awareness and Treatment

Itasca, Illinois – November 22, 2010 – Award-winning actress Barbara Eden has stepped into the spotlight as the newest star to be featured in the Celebrity Collection from The Trail of Painted Ponies. Ms. Eden has created an original Painted Pony reminiscent of her classic television show, “I Dream of Jeannie,” while artfully combining her passion for dreams and Native American dream catchers. This beautiful new Painted Pony is titled “Dreamcatcher,” and is decorated with pink velvet, gold and crystals.

“Creating ‘Dreamcatcher’ for The Trail of Painted Ponies is truly a dream come true,” said Barbara Eden. “I have always believed in the power of dreams, and it is a true pleasure to share the magic of dream catchers with my fans and collectors, so that they may realize their own dreams.”

The original “Dreamcatcher” masterwork, created by Barbara Eden, will be on exhibition at the Atlanta Gift Show in January, 2011. A portion of the proceeds from each “Dreamcatcher” figurine will be donated to support breast cancer research, awareness and treatment.

“Dreamcatcher” will be available from fine gift retailers across America beginning in Spring 2011. This is the second Painted Pony featured in the Celebrity Collection from The Trail of Painted Ponies. This creative new collection was launched in January 2010 with “Shiloh,” designed by the late actor and artist Tony Curtis. Proceeds from the sale of “Shiloh” support Shiloh Horse Rescue and Sanctuary, founded by the late Mr. Curtis and his wife Jill Curtis.
